Oh, yes!
I'm living the dream,
You know what I mean!
Remember'now you've been wanting a piece of me.
Yeah! I give what I want!
And tonight I'm in a hur,
Hid in the club I've been living it up just like everyone!
Everybody come together, dance like we gonna live
forever,
No one gonna stop us never!

[Chorus:]
Night and day,
I've been doing it my way!
I'm gonna rule the world!
Night and day,
Don't matter what they say!
I'm gonna find a world!
Rock, rock this world!
We'll be running this?
Turn it upside down, yeah!
Night and day,
I've been doing it my way!
I'm gonna rule the world!

Money ain't a thing,
I just use it to be free.
Throwing around like it's?style for me a thing.
Yeah!
Watch me go from bed to pleasure,
One last'another stranger,
No, I never saw this coming!

[Chorus:]
Night and day,
I've been doing it my way!
I'm gonna rule the world!
Night and day,

Don't matter what they say!
I'm gonna find a world!
Rock, rock this world!

We'll be running this?
Turn it upside down, yeah!
Night and day,
I've been doing it my way!
I'm gonna rule the world!

One day you walk through my doors
Sorry for what you've done before.
I don't remember who you are,
It's O.K. this party is my world!

Night and day,
Night and day,
Night and day,
Night, night, night, night,

[Chorus:]

Night and day,
I've been doing it my way!
I'm gonna rule the world!
Night and day,
Don't matter what they say!
I'm gonna find a world!
Rock, rock this world!
We'll be running this?
Turn it upside down, yeah!
Night and day,
I've been doing it my way!
I'm gonna rule the world!
