Yadda o, blue bird  
Turn me on, turn me on  
I know I'm telling you one  
Fresh from the... we so hated on  
And our letter facts (?)...  
... got'em girls panties dropping  
That's why I got you,...  
Headed to the... nights...  
Said she loves the way the Louie... into my eyes  
The Gucci bag in the belkin(?)  
And she lovin the way that I debrag(?) with it  
Yeah, I know I'm turning you on  
You really hating my guts buy you're playing my song  
You... drop'em... but you now bump in my shit when  
you're rolling around  
Try to follow my lead try to get... up  
And your waist swinging deep then you need to park it  
up  
Cause I'm ripping this track like I'm bagabond  
And then I'm headed to the... where I go home  
I'm from the West side, you know what that mean  
... my paper,... in my vein  
... on my back is what I'm saying...  
...  
Don't ever try to get that close to me,  
  
You better... road to me  
Recognize the wheel nigger  
Don't ever try to get that close to me  
You better... road to me  
  
I want...  
So tell me away...  
Na na na  
Well I... no message... up on my chest  
That I need to get on  
...  
Now these... say that I can't sing  
...  
Don't need to know why you hate...  
You need to stick on your...

...  
... talkin' about  
I've been singing 'bout  
You just have to hold a note...  
Turn it up, I turn it up  
So you see me on the... fire burning it up  
I've been... out, check any channel bar  
And if you want me, you confront me in the city bar  
Turning me up  
Don't ever try to get that close to me  
You better... road to me

Don't ever try to get that close to me  
You better... road to me  
Recognize the wheel nigger
