I thought I could trust you with all my heart
I never knew you could make it fall apart
It wasn't like this at the start
I shouldn't have felt so hard

But I guess all things come to an end
Things are about to end
Why did you go why did you go tellin everyone how I
felt
Why did you go why did you go tellin everyone how I
felt

How could you be how could you be so heartless
How could you be how could you be so heartless
How could you be so heartless

I said I'd forget you forever
Now I realise things aren't meant to last forever
Everything has changed and you don't care anymore
Now things won't be the same anymore
