How Could You, After everything we went through, How  
Could You throw it all away and now it's too late  
I was always there for you and how could you throw it  
all away after everything we went through now it's too  
late  
Wondering wrong after all this time and now I've  
figured out that it was you who has thrown it all away,  
what a big mistake, How could you, how could you  
How Could You, How Could You  
Throw it all away, what a big mistake

Seven days later and I'm still picking up the pieces of  
broken heart and now I don't know where to start at the  
end of love, how could you do this, how could you  
make me believe that we had a future, this is code  
heartbreak when you first made me ache and then  
made my heartbreak in two how could you, how could  
you  
How could you  
How could you  
How could you

I guess this what it feels like  
To have your heart in ruins  
Not knowing if I'll ever get over you  
Not knowing if I'll move on  
Code of a heartbreaker  
How could you  
After everything we've been through  
How could you  
How could you

I will never forgive you  
How could you  
Your just a heartbreaker  
How could you heartbreaker  
How Could You heartbreaker  
Your just a heartbreaker
