It's been a long time since I seen you around. Â Cant
you come back home to see me again. It feels like we
are fading away.

Remember when we first ever met, everything was ok,
we then fell in love, thought it was gonna last, until we
argued that night. I thought you left for good.

Love is suppose to mean something, two people are
meant to be together, maybe forever we will find away
to work past this massive argument.

Love love love love love love love love love love
love love love(x3)

She is my whole life, don't know what I would do
without her I am nothing. So please can we be together
wish I never had that argument which I will always
regret

Love love love love love love love love love love
Â love love love(x3)

(End Of Song)
