I feel hot i cant get in the shade
the cold will always fade
my blood is bubbling
I should be melting by now
Just like candle wax
I feel like im burning up

I feel like fire
please can you help me
im over powered by Satan
i feel like fire
when i want to feel like ice

Im burning like the center of the Earth
Please can you cool me down
My blood is bubbling at boiling point
With rage and anger
That will never become cold as...
I feel like im burning up

I feel like fire
please can you help me
im over powered by Satan
i feel like fire
when i want to feel like ice

You cant expect me to just sit there
while im feeling like fire

can you help me please?
I need you to help me as
i feel like im burning up

I feel like fire
please can you help me
im over powered by Satan
i feel like fire
when i want to feel like ice

I feel like fire
please can you help me
im over powered by Satan

i feel like fire
when i want to feel like ice

I feel like rage
I feel powerful
I feel like im burning like a meteor
I feel like fire

I feel like rage
I feel powerful
I feel like im burning like a meteor
I feel like fire
Like fire

I feel like fire
please can you help me
im over powered by Satan
i feel like fire
when i want to feel like ice
