You always seem to be standing there
In the direction I always go
I always say that your in the way
You never listen
So I have to shout

Your in the way
In the way, in the way
Get out of my way
Cause your in the way
In the way, in the way
Your in the way

You follow me into one room to the next
I try to run but I'm not quick enough
You always seem to be standing there
In the way
So I have to shout

Your in the way
In the way, in the way
Get out of my way
Cause your in the way
In the way, in the way
Your in the way

In The Way
In The Way
In The Way
Your in the way
Get out of my way
Or I will shout even louder...

Your in the way
In the way, in the way
Get out of my way
Cause your in the way
In the way, in the way
Your in the way

Please leave me alone
Your in the way of my life

I feel like going in an opposite direction
Your in my way
In the way x3
