They say there is a city  
In the USA  
That looks different in  
The night and day  
They say it's a city that's always awake  
Everyone should know this city for goodness sake

It's Vegas Vegas  
The city where no one sleeps  
Full of casinos and lit up buildings  
They say it's different in the day time  
With Nevadas golden dessert line  
It's Vegas Vegas  
The only city in the USA  
That looks different in the night and day

If you never want to sleep  
You don't have to  
But in your life you have to go to a certain place  
Full of district lights and full of games  
With plenty of dust at dusk and dawn  
It's a place you should all know if you know nevada  
Then you know that.

It's Vegas Vegas  
The city where no one sleeps  
Full of casinos and lit up buildings  
They say it's different in the day time  
With Nevadas golden dessert line  
It's Vegas Vegas  
The only city in the USA  
That looks different in the night and day

Vegas Vegas Vegas  
Vegas Vegas Vegas  
Vegas Vegas Vegas  
Vegas Vegas Vegas  
The city that will never sleep  
Whether you live in New York, Houston Texas  
You should know that it's

It's Vegas Vegas  
The city where no one sleeps  
Full of casinos and lit up buildings  
They say it's different in the day time  
With Nevadas golden dessert line  
It's Vegas Vegas  
The only city in the USA  
That looks different in the night and day x2

Vegas!
