[Lyrics: Morkh]

Swart suns' throne my flesh doth skrew  
'Midst the stellar wisdom seas  
How bittersweet is the triumph's taste as I wend my way  
The hidden stare beholdeth

Tenebrae of untime passing forth  
Streameth to me thro' my pain's design  
Fears of eld ornate my soul with a greater lore  
Thence the night granteth yawning graves

O Truth-sans-end Thy name be chasm for mortals  
I thread once more the eldritch path to the realms  
Beneath  
My fall eternal, this fall - life immortal  
Hark to the black spheres' curse of the curious

Race of the worms

Dimensions filth'd by tytanic wrath  
Unfurl  
The key to the earthly being  
And galaxies rap'd vail in awe before me  
The seven seals (of reincarnation) I wield

Words of Woe unto suns and orbs  
And therewith I chide them forth

"O Ye hwa peynen endleas ofercwoman  
Hwa werre steorra onyeon wonnon  
Hwa afrehwoer dead ond blod swinnan..."

Blackwhirlwind breathing outer Chaos  
Wherein I, timeless abide

"O Ye secree tusendfaced  
Hwaem eal ayet  
Tac min gyft cyndliz"
