(Tony Colman/Imogen Andrews)

Maybe you go where you go because you don't know
where you've been

Maybe you mean what you think because you don't
think what you mean

Maybe you can't believe your eyes cause you're fooled
by what you've
seen

Maybe you can't believe

Maybe you can't decide because you will or cause you
won't

Maybe you know what you know because you don't
know what you don't

Maybe you love who you love maybe you're the only
one you want

You don't know what you don't

Maybe you go where you go because you don't know
where you've been

Maybe you mean what you think because you don't
think what you mean

Maybe you can't believe your eyes cause you're fooled
by what you've
seen

Maybe it's just me
