(Tony Colman/Imogen Andrews)

Bright light, you're alright

You shine with me

Some nights you're uptight

You can be right with me

Carry on, you can be strong

You can be sure with me

If you feel there's something wrong

You can come to me

Chorus:

I'm still here

Driving home as fast as I can

I'm still here

Will you be awake when I get in?

It's alright come inside

You hold the key

Let's go outside

Come along with me

I'm holding on to you

I'm not gonna let go

I'm right behind you

I'll never let you go

I'm still here

Maybe I shouldn't come home

I'm still here

Maybe I should leav you alone
