[girl sings]

Baby your all that i want
When your lying here in my arms
Im finding it hard to believe were in heaven

[verse 1]

Them things i said id never do, and i dont really know
what got me girl.
All i know is how i felt, all i know is its so real.
Sometimes i wanna run away, but haunted by the voice
im hearin girl.
That voice is only yours, the lovin that i want is only
yours.
Never had a girl thats juss like you[?0:25-0:26] that
make you wanna hide but that aint true.
You know this thing is true, everytingi do, i do for you.
No kiss no love no call, went from it all to nothin at all.
I know people that loved you girl, trust me girl i been
there too[?0:35-0:39]
I know i play you close, everytingi do is out of love.
God sent you from above, gotta take care of my angel
girl.
Spread your wings and watch you fly, hope one day
you fly with i.
Listen what i say girl close your eyes, knwoing
everything will be alright

[girl sings]

Baby your all that i want
When your lying here in my arms
Im finding it hard to believe were in heaven
Lovin is all that i need
And i found it there in your heart
It isnt too hard to see
Were in heaven

[verse 2]

No matter what you do im by your side, no matter

where you go im down to ride.
Goin to fast we can slow it down, when your not around
im goin down.
You gon' be the one til time is gone, can tell me that
time is gone.
Found you had you, now you gone, girl cant tell me that
the love is gone.
I bleed when you bleed, i feel your pain
I need what you need i feel you girl.
Never cried never loved never missed like i missed
Never felt like i felt when i found you girl
Time to move on but i cant leave it, i cant i wont believe
it
Think about the time im gone your friend[?1:33-
34]think about the love when you see my name
Think about the feelings you had when you did that,
keep that girl you dont wanna rid that

Little thing[?1:39] about the increments, no matter
what you do my love wont change
Your the reason that money dont matter, success i
known that ladder
And i dont wanna climb without you girl, could never be
right without you girl

[girl sings]
Baby your all that i want
When your lying here in my arms
Im finding it hard to believe were in heaven
Lovin is all that i need
And i found it there in your heart
It isnt too hard to see
Were in heaven

[verse 3]

Everything you need girl, know i am
Why you run away when you know i am
Everything you wanted in a man
Anything you asked, know i can
Sure do know[?2:19] i aint perfect
Truth is that no one on the earth is
Slip up but its never on purpose
Give me your heart and i wont hurt it

Everything you need girl, know i am
Why you run away when you know i am
Everything you wanted in a man
Anything you asked, know i can
Sure do know[?] i aint perfect
Truth is that no one on the earth is

Slip up but its never on purpose
Give me your heart and i wont hurt it

Every little thing i love about you, anything you wanna
do i dont doubt you
Name the place and we can fly, give you everything
except goodbye
The way i miss you, you will never know
Miss that time when time was slow
All i wanna do is hold you girl
Everything i said lemme show you girl

[girl sings]
Baby your all that i want

It isnt too hard to see
Were in heaven
