"Beautiful Soul"

You give your heart and soul to those who you believe
need to believe, you live your life in a positive light. You
come from a place of love, but who gives to you and
who believes you in this world of black and white. It
doesn't matter plant the seed, Let God take over when
you can't see, cos

You should know out of everybody you are really never
alone,
You should know out of everybody you are loved, you
have a beautiful soul
Even in the dead of silence, you are being blessed by
what you hear,
You should know out of everybody, you should know
out of everybody
You are a beautiful soul, you are a beautiful soul

You don't ask for anything in return, yet sometimes you
get burned,
You pick yourself up, cleanse your soul of the dust, you
live your life with love,
When people take from you, mislead, misunderstand
you, you never give up
And that's what matters plant the seed let God take
over, when you're down on your knees, cos

You should know out of everybody there are signs in
front of behind you, you should know out of everybody,
messages from above all around you, they are there
just to remind you of the love that stands right beside
you and in those times you seem to forget I don't mind
reminding you that, you are a Beautiful soul, you are so
Beautiful.

You should know out of everybody you are really never
alone,
You should know out of everybody you are loved
You have a beautiful soul, even in the dead of silence
You are being blessed by what you hear,
You should know out of everybody, you should know
out of everybody
You are a beautiful soul, you are a beautiful soul
