There's a place in Cali
Ten minutes by car from the valley
Where every girl in her mid to late teens
Wears very very very tight jeans

Spends daytimes in her bed
She don't give a shit what anyone said
She's gone by night fall owns that scene
She's the sex in her very tight jeans

When she loses her lovers
She's attended to by others
When she gets herself together
You know there's no one better

So bring the synthesizers let's light this scene on fire
Bring the synthesizers let's light this scene on fire
So bring the synthesyzesrs let's light this scene on fire
Bring the synthesysers let's light this scene on fire

She's a little bit hot
She's a little bit plastic
Her style is so real
And her ass is fantastic

She's a little bit hot
She's a little bit plastic
Her style is so real
And her ass is fantastic

She's a little bit hot
She's a little bit plastic
Her style is so real
And her ass is fantastic

She's a little bit hot
She's a little bit plastic
Her style is so real
And her ass is fantastic

(You can read about her on the world what-ev
She's the bomb she's the bomb)

She'll play you like toys
Just look how her eyes pierce
Scene girls scene boys
Bow down she's fierce

So bring the synthesizers let's light this scene on fire
Bring the synthesizers let's light this scene on fire
So bring the synthesizers let's light this scene on fire
Bring the synthesizers let's light this scene on fire

You can read about her on the world what-ev
She's the bomb she's the bomb
You can read about her on the world what-ev
She's the bomb she's the bomb

So bring the synthesizers let's light this scene on fire
Bring the synthesizers let's light this scene on fire

You can read about her on the world what-ev
She's the bomb, she's the bomb

So bring the synthesizers let's light this scene on fire
Bring the synthesizers let's light this scene on fire

(You can read about her on the world what-ev
She's the bomb she's the bomb)

She's a little bit hot
She's a little bit plastic
Her style is so real
And her ass is fantastic
