Another day at the office we're gonna make it  
regardless of just how  
Cruel and heartless the world is the worthless kiss me  
here by the  
Window, by the bed, hold my hand

I am waiting while you're hating and the best is yet to  
come  
I am waiting while you're hating and the best is yet to  
come

What a waste of a burial

Sometimes I miss it I can never visit cause the heart  
around our  
Names might cover the words without you girlll

I am waiting while you're hating and the best is yet to  
come  
I am waiting while you're hating and the best is yet to  
come

What a waste of a burial

Our Shadows shudder as we walk without another took  
you to the moonlight  
Your hand feels just right

Our Shadows shudder as we walk without another took  
you to the moonlight  
Your hand feels just right

Listening promise you won't forget wait she said.  
(Our shadows shudder as we walk with one another  
took you to the moonlight  
Your hand feels just right)

I am waiting while you're hating and the best is yet to  
come

(Our shadows shudder as we walk with one another  
took you to the moonlight

Your hand feels just right)

I am waiting while you're hating and the best is yet to  
come

(I am waiting while you're hating and the best is yet to  
come)

Our Shadows shudder as we walk with one another took  
you to the moonlight  
Your hand feels just right

(I am waiting while you're hating and the best is yet to  
come)

Our Shadows shudder as we walk with one another took  
you to the moonlight  
Your hand feels just right

(I am waiting)

Our Shadows shudder as we walk with one another
