Gotta build courage and my confidence,
Take it real cool, your heart I wanna win,
My conscience straight cause you make me fall not sin
Badi bad make me wanna pull out my lighta,
charisma shoot out like a geyser,
Break me some people that walk beside her,

This girl is so fly yes she hot like a fire,
She's the sweetest looking shortie that ah I ever seena
She's the girl that I never seen, only in my dreams,
Now it's my reality and I don't believe,
That she can be all, all that I'll ever need,
Need in my life to bring me stability
I said she can be all, all that I'll ever need,
Yes I love this girl that's blazing hot like a fire, so I say

I met this girl in Margarita ville,
But this sweet little girl said she was from Brazil,
No me say J Boog it doesn't even matter,
She could have come from Tanganyahla, from Samoa,
Or Fiji, Solomon Islands, or New Caledonia,
Or even Hawaii the land of sweet pakalolo

Peetah I've seen girls all over,
A numbah galore, but this one I'm sure of and I'll never
let go

She's a sunshine girl, lightin up my world
What she does to me, she makes me say woah woah
woah woah woah woah
She's so sweet it makes me say woah woah woah woah
woah woah
She's so sweet it makes me say woah
