I have an opinion on all of your decisions,  
I am going to state them on my internet relations,

No-one's gonna notice

When you said "this" didn't you mean "that",  
When you said "what" didn't you mean "this",  
Doesn't that make you a fucking hypocrite?  
I've got proof the singer's full of shit

I love punk rock,

I love punk rock,

All my thoughts they are complete,  
I got them from a lyric sheet
