there's some scenery i'm missing
there's a piece i can't undo
remember when i really blew it
wish i would've thought of you

tell the ammaring
tell a friend
tell the only one around
who's going to know
just what to send
it's the ammaring
it's a smile
saying time to come with me
son you'll be gone for quite a while
come on now

drifting's made a big impression
changed the focus changed the goal
it's less and less about our reasons
it's more about losing control

tell the ammaring
tell a friend
tell the only one around
who's going to know
just what to send
it's the ammaring
it's a smile
saying time to come with me
son you'll be gone for quite a while
come on now

there's the ammaring
there you are
i don't know too much about it
but i know that you're a star
come on now
