i don't see you
i won't call you
i don't know enough to stall you
is it me
or is it all you
guess it's on and on

on a day maybe i'd show you
but it's the least of all i go through
but the thing is i don't know you
and it's on and on

trembling words don't make my eyes close
and if anyone then you'd know
i can't find out 'cause you won't show
and it's on and on

every dream is shot by daylight
and i pray maybe that you're right
but if you don't, maybe i might
'cause it's on and on

you're not gonna get me through this, are you
you're not gonna get me through this, are you

anytime i'm there to show you
if it takes too long i know
you're out the door just leavin' me screwed
and it's on and on

every dream is shot by daylight
and i pray maybe that you're right
but if you don't, maybe i might
'cause it's on and on

you're not gonna get me through this, are you
you're not gonna get me through this, are you
