i'd like to see you
in the morning
in the evening
but you need a warning
i'd like to see you
it's a last ditch
c'mon you gotta
ain't sayin' there's not a hitch

come on out now
it's the only way
can't think i know how
is that all you're gonna let me say

i'd like to see you
don't you miss it
lied again today
and now i wish that
you'd believe me
when i need to
you should be weary
i would if i were you

can i come along
i can't take the strain
now what else is wrong
sure, i'll take the blame

i'd like to see you
in the morning
in the evening
but you need a warning
i'd like to see you
don't you miss it
lied again today
now i wish that
you'd believe me
when i need to
you should be weary
i would if i were you

can i come along
i can't take the strain
now what else is wrong
sure, i'll take the blame
come on out now
it's the only way
can't think i know how
is that all you're gonna let me say

you got things to do
so what else is new
won't you give me some
bring it back for me
won't you come and see
you're the only one
you're the only one
you're the only one
