Yeah yeah, yeah yeah
Neptunes, ahahaha

Yo, We got dirty on the brand new mattress
I had you walkin around with your thong on backwards
I know you felt surprised just how long I lasted
Tellin all your friends that I'm a nasty bastard
Yo, you know what I like? models and actresess
You know the ones that scream "He loves u not"
You know the ones with the beemers and the tight ass
spots
The ones I see at the beach and I be like "yo she hot
Baby pause let me freeze the frame
when you slide down my pole let me ease the pain
With the roll on the dubbies in the greasy Range
And throw on the avirex coats and play in the rain
And with that body ain't no tellin what Id do to ya
I had you moaning while I'm groanin'
With that body I cant help but to do ya
In the mornin you be telephonin me
Show me the real meanin and what horney means
While I show you the oppsite of what lonly brings
The ice rope on my neck makes my body bling
Flippin out why you doin ungodly things
So tell me what you doin tonight
Cause we can do it again yo you with it aight
B, I know you like it when I'm feelin aight
And tonight I'mma make you feel it aight
