"Don't kick this boy in the head Murral You know you can't hurt them niggas when you kick them in the head" Driving at night down the ave in an expensive ride I see lights as I glance to the side Then I pull the Benz over right there and what comes next is every black man's nightmare A white cop who comes? to harass just because you're black and got a lot of cash This hate is motivated by jealousy if you resist arrest, they'll turn into a felony They treat niggas today like shit and think you're living foul when you're living legit To people with dark skin, the scene is reality "Yo, man you can't do that man! Please, I don't want to die! Please, please god, please god. I just want... You look like hell!"
