Yeah I know what I wanna say
Here we go
Yeah
Romy rome, I think we did it again
Kulaia

It's just me and you boy

J-wess
I want you to get your rollerskates on
you got five seconds to get on the dance floor
Get your skate on
Lets go

I, I'll be your fantasy
Give you all of my love for the rest of my life
I, I'll be your fantasy
Give you all of my love for the rest of my life

Baby, baby
I kept aside this time for you(It's just me and you boy)
Sugar, sugar
Just tell me what you wanna do(I'm in the mood)
Now I got to know you boy
When we playin' with my toy
Oh yeah
Gettin' down on it baby
It's the only thing to do
Your the one that I want and see now that

I, I'll be your fantasy
Give you all of my love for the rest of my life
I, I'll be your fantasy
Give you all of my love for the rest of my life

Don't be shy
Let's not rush
We'll take it slow(We got all night long boy)
Honey, honey
Let's not talk we got work to do(Let's get personal)
Set the mood wtih candlelight

Put on that dress I Know you like
Oh yeah
Time is right
got you in my sight
Get ready to be satisfied
Gonna give you all my love and

I, I'll be your fantasy
Give you all of my love for the rest of my life
I, I'll be your fantasy
Give you all of my love for the rest of my life

Can you handle the curves of death
When I rap till I aint got no verses left
I'm the female version of Doctor Nogly
If you aint doing something correct I'll stop you
Be good or don't be around me
Talent surrounds me
Rule one don't ever doubt me
My clout be measured in crowds and tours
Lollipop hits cause I be the loudest broad

You were made for me
This love was meant to be
What you desire I'll be
My love will set you free
Give you what you need
Take control of me
What you desire I'll be
My love will set you free

I, I'll be your fantasy
Give you all of my love for the rest of my life
I, I'll be your fantasy
Give you all of my love for the rest of my life
(Repeat to fade)
