1981 my flow
Yours brand new but mind aint old
Im suan'd out like a brand new anklet
Wipe me down shawty wit a tile or a hancerchief
I reject like i really wasnt feelin her
I got bread like a brand kitchener
Got green like croc alligator
I find money i dont use no navigator
Like sope im clean
I done had more skinnies than a washing machine
Girl friend kissin her girlfriend mention her
Never show up like i really wasnt missin her
In the club i dont have no id
Man i be kicken it like the calm bruce lee
Most niggas mad cuh they really aint this
I cant hear u rappers like im listenin to a blank disc
Like hoes im feelin em
No homo but im really never drill em
Like new born sythoms
If they come close then im really not with them
