[J Dawg:]

5/11/81 the day mama was screaming trying to release  
a demon  
Push baby push the doctor keep repeating, he almost  
coming  
I can almost see it (young Hogg)

[Chorus: Dallas Bloacker]

It's all on you, no matter what you going through,  
Just know that you still around, yeah heaven making  
sure that you still around  
Talking about you, no matter what you going through,  
It's a reason that you standing yeah you still around,  
For my soldier still some falling yeah you still around

[J Dawg:]

Yeah it's been a longtime coming reminiscing while I'm  
flipping on these 4's trunk humming, diamonds  
pressing up against that wood grain wheel,  
Sometimes I still feel like this can't be real, touch  
screen system got a hog feeling lazy,  
Drank ain't up cosh so crazy, hoes blowing up my  
phone fuc u pay me,  
A couple years bac they use to act like they hate me,  
Now when they see me they act like they want to rape

Bitches so shady only let them eat my babies  
Niggas ain't no better I couldn't even get a letter  
Sittin in that Pen no friends, no cheddar  
Came home to less I had when I was in there  
Fuc it now I'm out here a nigga can't win now

J DAWG young hog 1 of H Town's finest

[Chorus x2: Dallas Bloacker]

[J Dawg:]

Yeah and this the part that I dreamed of, I wish Pat was

still here,  
Bac then it wasn't clear, bac then we couldn't see pain  
in the way  
Too much pain in our way and we was stuck in our ways  
Be straight, and yeah them dudes got paid  
Even dough we earned them stripes, damn it cost you

Naw I want my nigga bac, death he didn't deserve it  
Shit and all reality is, he gone rest in peace homie I  
Love u 4 real  
Yeah and I'm a mourn u till I join u again and  
I'm a shine until death put my 4's in the wind  
I'm on the freeway smashing like I'm on the back

Tell the laws to eat a dic bitch this here 4 PAT
