Decomposed metal skin  
Decomposed metal skin  
Do you know that you are dead?  
Scream you fuck  
Who is now your king?  
Do you know where you belong?

Septic fumes of putrefaction  
Massacre  
Unholy war  
Horded of flesh are to be wasted  
Bloodstained sand  
Death and gore

Raining flames are falling down  
Lightning strikes  
Paranoid  
Hide behind the metal shields  
Live to die for the humanoids  
You are dead  
Decomposed metal skin

Do you know that you are dead?  
Scream you fuck  
Who is now your king?  
Do you know where you belong?

Come on!  
Come on!  
Come on!  
Fists in the air!  
I did slay the beast  
The martyr is dead  
Ea  
Ea  
Ea  
Help carry him now to his maker  
God - the enslaver of the frightened and weak

Jesus  
Jesus is dead!

Jesus is dead!

Jesus is dead!

Jesus  
Jesus  
Jesus is dead!

Raining flames are falling down  
Lightning strikes

Hide behind the metal shields  
Live to die for the humanoids  
You are dead
