Trek boys, you heard the name  
J-Kwon, you ain't seen me in a minute  
Petey Pablo, we're gettin' XXX'd man  
Ebony Eyes, y'all ready?

I'ma run while gettin' front  
It's 'cuz you're gettin' none  
Here the cop, they hit a nun  
It's all with a gun

What is done is what is done  
It's all for the fun  
Somebody said cut off they head  
It's already done

Now I'm clap wit mini straps including mini matched  
Wit a bat, my clips on, I'm bangin' wit that  
Where it's at what it's at, don't worry 'bout that  
You're a soldier, where a soldier relate to that

Now I'm marching down the ally, in a rally  
Some meany motherfuckers they try, we need a tally  
Now we, put it in mind and then we outty  
Rowdy, they step on a bomb, the bomb outty

Doubt me, I start to shoot up your Denali  
Try Kwon, here give a bomb to your family  
Met your family in a start that you can't see  
But yo I'm gon' do it anyway

We can take it thurr  
(We can take it thurr)

Come take a ride as we roll to the ghetto  
But keep your feet on the pedal  
'Cuz it could get pretty extreme in the ghetto

Triple X level, no holds barred  
We got hood cap and lieutenants, and project  
sergeants  
Capable of pullin' your car, bombin' your car  
Grenades through your window, this is all our war

Take the main road here where we go, every time we  
roll  
Family transportin', guns stashed in truck flow  
Real talk dog, I hit real hard  
One swing knock a motherfucker block, slam off  
(Slam off)

Hit him in the part where he talk from  
Naggin' back to momma 'cuz the wires in his jaw  
Make it hard for him to tell you something  
(Tell you something)  
It's sunny now but the storm comin'

Best thing for you to do is try to get prepared for it  
(For it)  
Find 'em bread, water, milk, couple cans of soup  
And a place to go just in case you have to move

We can take it thurr  
(We can take it thurr)  
We can handle that  
(We can handle that)  
We can take it thurr  
(We can take it thurr)  
We can handle that  
(We can handle that)

We can take it thurr  
(We can take it thurr)  
We can handle that  
(We can handle that)  
We can take it thurr  
(We can take it thurr)  
We can handle that

Finally, when it comes to the tools  
I'm not forgiving the blues  
I'll knock another man clean out his shoes  
We get the breakin' the rules  
Let's get the takin' his jewels  
Sit still, trippin', turn his ass into dog food

Who's got he static?  
(Huh)  
Better bring the plastic  
(Uh)  
Better automatic  
(Punk)  
And let him have it

(Chump)

I'm a savage

(What?)

Let me show you magic

(Bra)

Wish I had this and turn your ass sawdust

Partner we lawless, I'm talkin' all us

When it come to handlin' business, durty we flawless

See these revolvers, that's why they call us

The same reason the police never ain't caught us

I'm on another level

Words from a true rebel

I rock your ass and I ain't talking heavy metal

You're just a punk and me I'm durt devil

Let's see what's left as soon the the smoke settle

We can take it thurr

(We can take it thurr)

We can handle that

(We can handle that)

We can take it thurr

(We can take it thurr)

We can handle that
