I know it's not a game to play  
Your eyes they show no fear  
I burn inside and cannot wait to be  
The man that feels your body close  
Is here to set you free  
To hold you near and satisfy your needs

You shiver as I touch your neck  
And slowly close your eyes  
I can't resist you even if I try  
We both surrender to the touch  
As we lay there side by side  
And everything around us disappears

If you believe in love tonight,  
I'm gonna show you one more time  
If you believe then let it out,  
No need to worry there's no doubt  
If you believe, if you believe,  
If you believe, then let it out

As you run your fingers thru my hair  
Your lips come close to mine  
The tension becomes more that I can bear  
Then you wrap your arms around me  
And I feel your every move  
This feeling could now lead us anywhere  
Now we leave the world behind us  
This moment we both share,  
Just you and me, that's how it's meant to be  
I never wanted you so much  
I feel your every breath  
- as you gently whisper in my ear
