"Devil's In"

Alone, since I was born
Cold limbs turned against me
Take a part in my misery
Silence causes me pain
Please alleviate my loneliness
Be the one who never betrays me

Is Heaven a goddamn freakshow?
Hell can't be more horrifying
Let the end come and set me free
I smell blood in the air
Death is waiting with open arms
Come to me, fill my body

Let Devil in - Devil's in
Let the Devil fill my damn body
Let Devil in - Devil's in
Yeah, let him come to me

Don't forget: there's no way back
A new star on the sky is shining
Let the end come and set me free
I smell blood in the air
Death is waiting with open arms
Come to me, fill my body
