"Two Times"

Sometimes it would be fine to turn back time
It's about the years I spent with coming in line
Searching the way the so-called "straightforward" path
Now I know I'm down to earth and I will fuck you up

You make my blood boil with your
Stupid games, that you play
I might seem to be tame, but it's all the same
I know who's to blame
Don't say a word about trust
I don't want to know
With your lies you shut yourself out
Of the room of hope

You filled my life with pain
I take care of your death
I will kill you two times
And you will never find rest
First I kill your soul
Then I suck your blood out
Your body will serve me
You'll keep my dreams alive

You don't know these eyes staring at you right now
You feel my hate and your fear reflects on my insane
mind
My revenge feeds my demon inside
His power comes from the deep cold night

You make my blood boil with your
Stupid games, that you play
I might seem to be tame, but it's all the same
I know who's to blame
Filled with anger. Thirsty for your
Dirty blood that I can smell
Go and run away.
I'm watching you everywhere
