the smiling moon sez to me there is no clash in my life make me weak and make me sick and there's no time and have no chance and i walk into the silent

thought keep inside not even concluded the shadow hides eternity the ruler of darkness distorted gear

and make it blur and i can't see and i walk into the silent walk into the silent

reff:

what can i do now there is no chance to proof i just fall to the ground but still i hope i can fly
