I'm sitting here on the phone  
Blackberry to my head  
Repeating all the words you just said  
You said it's getting real  
And you don't know how I feel

You're falling in love  
And now you're getting scared  
(You wanna know)  
Do I feel the same  
I'll be lying if I said yeah

Something we need to address  
Before you hear me say yes  
I've been down this road a time or two  
So it's gotta be right for me and you

(So if I fall in love)  
You gotta ride for me, like I'ma ride for you  
(If I fall in love)  
You gotta fight for me the way I fight for you

(If I fall in love)  
Fall in love  
You gotta hold it down even when I'm not around  
(If I fall in love, in love, in love, in love)

It's been 3 months, 4 days, 5 seconds till the minute  
But who's counting?  
And I ain't never ever, not once thought about bouncing

They say you shouldn't ask questions  
You don't wanna know the answer to  
But I'm gon' answer you, see, I could be in love with you

But you would not believe it  
And I could say I love you  
When you say it to make things easy  
But, I've been down this road a time or two  
That's why I only say what I feel for you

(So if I fall in love)

You gotta ride for me, like I'ma ride for you  
(If I fall in love)  
You gotta fight for me the way I fight for you

(If I fall in love)  
Fall in love  
You gotta hold it down even when I'm not around  
(If I fall in love, in love, in love, in love)

Girl, it's not that I don't want to be in love  
But my love is stronger than you ever dreamed of  
Have you ever had a hundred percent?  
A hundred percent of anything

When you look in my eyes and I don't reply  
I don't want you to think that I  
I don't love you 'cause I do  
You're just not ready for me to show you, Girl

(So if I fall in love)  
C'mon, baby  
(If I fall in love)  
I'll fight for you and you'll fight for me

(If I fall in love)  
If I were to fall in love  
I'll hold it down with you and me, girl  
(If I fall in love, in love, in love, in love)  
Love

(So if I fall in love)  
If I fall in love  
Baby, tell me  
(If I fall in love)  
Would you be there?  
Would you be there, baby? Hey

(If I fall in love)  
If I fall in love again  
This time it's gonna be right  
(If I fall in love, in love, in love, in love)  
All Right
