~Verse 1~

I'm sitting here on the phone
Blackberry to my head
Repeating all the words you just said
You said it's getting real
And you don't know how I feel
You're falling in love
And now you're getting scared
(You wanna know) Do I feel the same
I'll be lying if I said yeah
something we need to address
before you hear me say yes
I've been down this road a time or two
So it's gotta be right for me and you

(Chorus)

(So if I fall in love)
You gotta ride for me, like I'ma ride for you
(If I fall in love)
You gotta fight for me, the way I fight for you
(If I fall in love) Fall in love
You gotta hold it down, even when I'm not around
(If I fall in love, in love, in love, in love)

~Verse 2~

It's been 3 months, 4 days, 5 seconds till the minute,
But who's counting?
And I ain't never ever, not once thought about bouncing
They say you shouldn't ask questions
you don't wanna know the answer to
But I'm gon' answer you
See, I could be in love with you
but you would not believe it
And I could say I love you
When you say it to make things easy
But, I've been down this road a time or two
That's why I only say
What I feel for you

(Chorus)

(So if I fall in love)

You gotta ride for me, like I'ma ride for you
(If I fall in love)
You gotta fight for me, the way I fight for you
(If I fall in love) Fall in love
You gotta hold it down, even when I'm not around
(If I fall in love, in love, in love, in love)

~Verse 3~

Giiiiirrrl, it's not that I don't want to be in love
But my love is stronger than you ever dreamed of
Have you ever had a hundred percent ?
A hundred percent of anything
When you look in my eyes and I don't reply
I don't want you to think that I,
I don't love you, cause I doooooo
You're just not ready for me to show you, Girl

(Chorus)
(So if I fall in love)
C'mon Baby
(If I fall in love)
I'll fight for you and you'll fight for me
(If I fall in love) If I were to fall in love
I'll hold it down with you and me girl
(If I fall in love, in love, in love, in love) Love

(Chorus)
(So if I fall in love) If I fall in love
Baby tell me (If I fall in love)
Would you be there?
Would you be there baby? Hey
(If I fall in love) If I fall in love again
This time it's gonna be right
(If I fall in love, in love, in love, in love) All Right
