You got me stuck like a statue

Make my?

And then?

It got me stuck stuck on you (like a statue)

Stuck on you (like a statue)

Stuck on you (like a statue)

Like a statue

You got me stuck on you

I want you so bad

That's something that you got I never had before

It's something about you that I adore

Its? those?

Girl you got me where you want me to be

Even though Ima hustlin out in the street

Girl I might be on your radio, on the tv

No matter what I do

I'll always be stuck on you

(J.Stalin)

She aint never been touched by a nigga so fly

She aint never been fucked by a nigga so hot

I made her wonder why a nigga never?

Everytime we meet she never wear clothes

Puffin on the weed when I'm taking off her pantie hoes

Anything goes when ever we all alone

She know I run shit like Al Capone

And I just give it? just to hear her moan

(Lil' Kev)

You got me stuck like a statue

Make my?

And then?

It got me stuck stuck on you (like a statue)

Stuck on you (like a statue)

Stuck on you (like a statue)

Like a statue

Baby I'm so stuck on you (so stuck on you)

Can't wait to get home and put this thing on you

? sexy, your bodys good for me, girl I'm stuck on you
Hope you're stuck on me (stuck on me)

(J.Stalin)
