Now I can see they're not any better  
Their lies give 'em some more chances  
Lil' more time but can't play with fate  
It's too late to hide from my hate

I know what will be my weapon  
I use yours: that goddamn silence  
Now I arm myself and I turn  
Against you in your perfect world

I empower from down under  
Tear the ancient instincts open  
They are leading me through my life  
I feed myself through my roots

My pain was only a lesson  
Learned who I really can count on  
This taught me how to live my life  
Overcome myself to survive

And I want to survive you too  
Treading down on the betrayers  
I'm gonna wade up to my knees  
the bleeding tears of the weak
