sweet dream don't let me rise awake not yet  
young boy's fairy tale come to life come alive  
sweet dream think I've found someone else in me  
before I awake I'm free

it's ten to ten darling wake up  
I had a dream about someone who drove me mad  
hoping you wouldn't mind  
you have your share of my life  
do you care what I do  
while I'm asleep next to you  
can't help it if I do

sweet dream how could you let me rise awake  
then slip away big mistake of mine  
sweet dream I've been confined to nights alone  
without you  
that's why I've been so blue  
it's ten to ten darling wake up  
I had a dream and it may never come again  
hoping you wouldn't mind  
you have your share of my life  
do you care what I do  
while I'm asleep next to you  
can't help it if I do

it's ten to ten won't you wake up  
I had a dream and it may drive you up a wall  
do you care what I do  
while I'm asleep next to you  
or do you dream of someone else  
then lie while we are face to face  
then leave me if you do

what would your love be like?  
what would your love feel like?  
what would your love see in me?
