Let me be a little crazy  
Like the feet of a bosa girl  
Swinging to the samba ala Rio  
Fills your mind with everything surreal  
I'd like to sing her every song  
I've kept inside for so long till now

Dazzle me with your dark eyes  
The essence of your thirsty nights  
A naked reason of delight  
A wish come true for such a sight  
Bring me fortune in this light  
I'd live a thousand lives for a moment so right

Now I am wishing you would be mine dancing Maria  
Estãi na maneira que vocãª brilha (it's in the way you  
shine)  
Because your dance brings the sun dancing Maria  
Mostre-me seu claro (show me your light)  
Dancing Maria

You can comfort every fear every single passionate  
tear  
A melody to every deaf ear you have found the way to  
heal  
Every hearts desire waiting  
Lurking in our sphere debating how

Now I am wishing you would be mine dancing Maria  
Estãi na maneira que vocãª brilha (it's in the way you  
shine)  
Because your dance brings the sun dancing Maria  
Mostre-me seu claro (show me your light)  
Dancing Maria
