Girls in bikinis
Doors go up on that blue lamborghini
Now it's goin down like

Shawty you know I'm sharper than a razor
Girl I'm bout to change the game up
Very skinny back walk with a swagga
Hands to the side don't give a damn what happens

As long as she gettin tipsy I'm with her
The whole hoodtricked me and shittin the cleazer down
Hey
If your done with yo drank let's go another round
Pull up to the club, got my long trunk
Headed to the bar couple shots of patron like
Hey [x4]

Girls in bikinis
Doors go up on that blue lamborghini
Now it's goin down like
Hey [x4]

Baby I just wanna get closer
Approach you like a true soldier
Right now girl I'm makin things happen
Put it on my tab J. Blue get it crackin

As long as she gettin tipsy I'm with her
The whole hoodtricked me and shittin the cleazer down
Hey
If your done with yo drank let's go another round
Pull up to the club, got my long trunk
Headed to the bar couple shots of patron like
Hey [x4]

Girls in bikinis
Doors go up on that blue lamborghini
Now it's goin down like
Hey [x4]

Yeah I'm off patron
I'm in the zone

24 inches off the curb
I'm hittin switches 3 bullets in the club
Cause when I pull up all the bitches show me love
And now I'm drunker than a motherf*cker
Leanin in this motherf*cker
G'd up diamond on my pinky in this motherf*cker
Uncle Snoop J. Blue in this motherf*cker
And we both dressed in blue in this motherf*cker

Now it's the super duper snooper
Put this in your girl and scoop her
Tip away I'm smooth with the dip away
Skily so slippery yeah she wanna sit with me
Pop a couple bottles roll a bleazer and get with me
Drift with me
Her code name is tiffany
I let my dozer and baby chose her
I put my looks on
And then I blazed on doza
Cover your nose up
We bout to close up

Pull up to the club, got my long trunk
Headed to the bar couple shots of patron like
Hey [x4]
Girls in bikinis
Doors go up on that blue lamborghini
Now it's goin down like
Hey [x4]

Hold up wait a minute
Now let me show you how to swoop swoop
Let me teach you how to swoop swoop
Watch me show you how to swoop swoop

Hold up wait a minute
Wait a minute [x2]
Let me teach you how to swoop swoop
Let me show you how to swoop swoop
Hit the dance floor and watch me swoop

Pull up to the club, got my long trunk
Headed to the bar couple shots of patron like
Hey [x4]
Girls in bikinis
Doors go up on that blue lamborghini
Now it's goin down like
Hey [x4]
