Well don't speak to me love
Coz you don't know the truth
It's too late to say you're sorry
Just put on them walking shoes
Did you think I wouldn't notice?
Did you think I didn't see?
You can fool me once and it's shame on you
Fool me twice and it's shame on me

Coz I know now (x3)
It don't mean a thing
I know now (x3)
It don't mean a thing

Sweet Desdimona
Lock away your faith
Your lord has forsaken you
Iago's at your gates
When the wolves come to take you
I will not be there
Don't look to me to save you
You can drown for all I care

Coz I know now (x3)
It don't mean a thing
I know now (x3)
It don't mean a thing
Well I was standing in your shadow way too long
I was frightened of the light
But when the walls came down on Jericho town
Those trumpets showed me right
So don't try so hard
Coz I know what you are and honey
I know where you've been
So don't dial my number
Don't tell me that you love me
Don't you darken my door again

Coz now I know
Now I know

I said

Coz I know now (x3)
It don't mean a thing
I know now (x3)
It don't mean a thing

You don't mean a thing
So now you know
Now you know
