Oh, where oh, where can my baby be?
The Lord took her away from me
She's gone to heaven, so I got to be good
So I can see my baby when I leave this world

We were out on a date in my daddy's car
We hadn't driven very far
There in the road straight up ahead
A car was stalled the engine was dead

I couldn't stop, so I swerved to the right
I'll never forget the sound that night
The screaming tires the busting glass
The painful scream that I heard last

Oh, where oh, where can my baby be?
The Lord took her away from me
She's gone to heaven, so I got to be good
So I can see my baby when I leave this world

When I woke up the rain was pouring down
There were people standing all around
Something warm flowing through my eyes
But somehow I found my baby that night

I lifted her head she looked at me and said
"Hold me darling just a little while"

I held her close, I kissed her our last kiss
I found the love that I knew I have missed
Well, now she's gone even though I hold her tight
I lost my love my life that night

Oh, where oh where can my baby be?
The Lord took her away from me
She's gone to heaven, so I got to be good
So I can see my baby when I leave this world
