Perfume spray it there, put our love in the air

Now put me right next to you, finna raise the temp in

First rub my back like you do... right there (uh huh)

Right there, uh, ya touch me like you care

Now stop and let me repay you for the week that you've

Working that nine to five and stayin true like you do

while im pullin ya hair
it excites me when you bite me
and start talkin saying shit like,
"NIGGA YEAH!"
Cant keep my concentration
Everytime you leave im hatin
And i gotta see ya right when i wanna see you
cause i just hate waitin
We can do a lil movie or some
Go to breakfast and do a lil lunch
But after all that when it said and done
Its time to get our party jumpin
Thats us becomin one is so fuckin fun!

[Chorus]
