I overheard someone mention your name  
I overheard, now my heart feels the pain  
I thought that I would get over you with time  
But here you are again, you're back in my mind

Time moves slowly since you've gone away  
Life moves slowly since you've gone away

Do you, do you remember when  
Our hearts, our hearts were together then?  
You're gone, we're out on our own again  
My love, do you remember when?

I walk the room where we both used to sit  
I walk the room and I refuse to admit  
That I'm all alone and our love's been left behind  
And now once again, you are back in my mind

Life's so empty since you've gone away  
I'm so empty since you've gone away

Do you, do you remember when  
Our hearts, our hearts were together then?  
You're gone, we're out on our own again  
My love, do you remember when?

Do you, do you remember when  
Our hearts, our hearts were together then?  
You're gone, we're out on our own again  
My love, do you remember when  
You're gone, you're gone, you're gone?
