Shopping center crazy  
I need some fast relief  
The boss says, "Boy, you're lazy"  
But I'm just bored beyond belief  
Laid off since last summer  
Man, this really takes the cake  
This town is like a prison  
And I just got to make my break

They say "Be cautious, little Mister  
They shove it down your throat"  
I'm 'bout to choke, I'm 'bout to choke  
I'm nauseous, my transistor's 'bout the  
Only antidote to keep my temperature  
From runnin' wild  
Let me hear that radio

There's a rage in the cage  
There's a rage in the cage

Sweet Diana to the rescue  
Hot potato to my aid  
She's the girl with the swirl  
Like air-conditioned lemonade  
But the lady's on the hot-plate  
Daddy's threatened to disown  
Handcuffed tight in a chain of events  
I guess I'm out here on my own

It don't take a P.H.D.  
To know I'm goin' nowhere fast  
I've got to move, I'm on the move  
It don't take much to see  
This town is livin' in the past  
They all just seem to wanna tie me down  
Let me hear that radio

There's a rage in the cage  
There's a rage in the cage

I wanna rock it  
I've got to rock it

I've gotta get me on that rocket ship to outa here  
Watch out

This town is wearin' ear plugs  
I'm of age and loose to juice  
But they say, "Stop, you better stop"  
There's a fire in the furnace  
Breakin' out and breakin' loose  
You know I'm just about to lose my mind  
They don't want me paralyzed  
They just want me neutralized

Rage in the cage  
There's a rage in the cage  
There's a rage in the cage  
There's a rage in the cage

There's a rage in the cage  
There's a rage in the cage  
There's a rage in the cage  
There's a rage in the cage

Rage in the cage  
(Hey now, hey now)  
There's a rage in the cage  
(Hey now, hey now)  
There's a rage in the cage  
(Ohh)  
There's a rage in the cage  
(Ohh)

There's a rage in the cage  
There's a rage in the cage  
There's a rage in the cage  
There's a rage in the cage  
There's a rage in the cage  
There's a rage in the cage
