Human kindness, river blindness
Black flies rise as the water flows
Human kindness, river blindness
Angels cry as the fever grows

Indications, demographics
Control of the basics is all you see
Correlations, disintegrations
Cessation of life expectancy

Got to face it, can't erase it
Or the tropical lands
Or the tropical lands
Or the tropical lands
Gonna rip up Tinsel Town

Blueprint mortality, twist off neutrality
This must be reality, this must be the place
Just imbalance trickling down from the falls
Trickling down from the falls, trickling down
Trickling down, trickling down

Human kindness, river blindness
Black flies rise as the water flows
Human kindness, river blindness
Angels cry as the fever grows

Got to face it, can't erase it
Or the tropical lands
Or the tropical lands
Or the tropical lands
Gonna rip up Tinsel Town

Human kindness, river blindness
Black flies rise as the water flows
Human kindness, river blindness
Angels cry as the fever grows

Human kindness, river blindness
Black flies rise as the water flows
Human kindness, river blindness
Angels cry as the fever grows

Human kindness, river blindness
Black flies rise as the water flows
Human kindness, river blindness
Angels cry as the fever grows
