I can't see you falling  
I can't see you turn and fall apart  
It's not easy for you but now  
You have no choice it's gone  
You can't make it on your own  
Time will ease you  
From just a little harmless fun  
But this is how it's gonna be  
And this is my goodbye

You, did you think about me too  
Did you hear me when I fell for you  
But I say goodbye to you

I can't hear you crying  
I can't see you trying to discard  
All the good times but now  
You know we'll both move on  
Most times not lost but gone  
Burnt out and faded  
From just a little harmless fun  
This is how it's gonna be  
And this is my goodbye

You, did you think about me too  
Did you hear me when I fell for you  
But I say goodbye to fun  
Just a little harmless fun  
This is how it's gonna be  
And this is my goodbye

You, did you think about me too  
You, you're my angel, darling, you  
You did you think about me too  
Did you hear me when I fell for you  
But I say goodbye to you  
Did you think about me too  
Did you hear me when I fell for you  
But I say goodbye to you.
