Ooh ooohewooo  
I miss you girl  
Yeaah ey  
woohoooooh  
J holiday  
yeaahheeh

We used to talk  
We used to touch  
We used to be-ee so in love  
Now things have changed  
Just memories  
Now all I do is sit in the dark and wonder, where you  
are  
Sometimes I close my eyes and rewinding, I'm  
where you are  
Don't want you gone like yesterday need you back  
here with me

Now I've been acting like a child stiffin and denial  
Another while I needed you back back back  
I needed you back back back girl  
I miss you here, I need you (Said I'm missing you  
baby)  
I need you back back back  
I need you back back back, back into my life

Do you remember, how the sun would set in DC  
With the candles lit  
I said I loved you then I kissed you  
You touched my face and said you loved me too

Shawty listen  
That was then, this is now  
I will change back around  
See I believe, you already know  
Cuz on the second ring you picked up your phone

I wana tell you babee  
I've been acting like a child stiffin and denial  
Another while I needed you back back back  
I needed you back back back girl

I miss you here, I need you (I miss you, ooh baby)  
I need you back back back  
I need you back back back, back into my life

Girl I know what I did, you can't forget it  
All I'm asking  
Can you forgive me?  
All I'm asking  
Can you just give me  
One more chance to be a better man

Ooh oh oh oh oh

Every time I turn on the radio  
I know (Our song)  
They're playing our song  
Wishing that you'd come back  
I'm wishing you would come back home  
Cuz

I've been acting like a child stiff in denial  
(lllllllllll-hlllllllll)  
Another while I needed you back back back (yeeah-  
yeeeah ooooh oh)  
I needed you back back back girl (ooooh baby iiiii)  
I miss you here, I need you (said I'm missing you  
baby)  
I need you back back back (ooh I need you back)  
I need you back back back, back into my life (wooo-  
ooohoeuu)

Now anybody else there had a shawty?  
That they miss (meee)  
You know what I'm talking 'bout  
Let me hear you say kiss kiss oohoh girl

Ooh ohooo oh oh  
Ooh ohooo oh oh noo  
Oohohohoooo oh ohohhhhhoooo  
Yeeahyeah

Eey
