I wanna cruise away from here

This is for my pimps, this is for my hustlers  
Diamond in the back, Lac drivin' mother  
If you're gettin', smoke one for me  
If you gettin' drunk, it better be Hennessey

This is for my chicks lookin' good in their whips  
Smokin', drinkin' 'gnac, real sexy when they sip  
What's my name? Uncle James  
Family, rest in peace

I grew up in a house with my mother, I didn't have my  
father  
'Cause he felt it was his time to move on  
It seems when I got a bit older, the world got a little bit  
colder  
And I had to learn everything on my own

I think about where I've been and where I am  
Oh, when I know I've got so far to go but y'all don't hear  
me  
So when I don't even feel like thinkin' about it or talkin'  
about it, yeah  
This is where I go, you can find me

Sittin' in the back of my Lac  
Smoke, sippin' my yak, yeah, yeah  
Oh, sometimes I gotta be alone  
Sittin' in the back of my Lac  
Smoke, sippin' my yak, yeah, yeah  
Oh, yeah, yeah, sometimes I gotta get away

Sittin' in the back of my Lac  
Smoke, sippin' my yak, yeah, yeah  
Oh, yeah, yeah, yeah, yeah, yeah, yeah, yeah  
Sittin' in the back of my Lac  
Smoke, sippin' my yak, yeah, yeah  
Yeah, yeah, yeah

Sometimes I don't know if I want to keep on goin'  
So I go and I be alone

I get in my car, I hit the boulevard, I park then I sit  
I spark and then I sip

And I smoke and, and I drink and  
And it helps me clear my mind  
I said, I smoke and, and I drink and  
And it helps me clear my mind

I said I smoke and, and I drink and  
And it helps me clear my mind  
Helps me clear my mind, yeah

Sittin' in the back of my Lac  
Smoke, sippin' my yak, yeah, yeah  
Yeah, yeah, oh, yeah, yeah, yeah, yeah, yeah  
Sittin' in the back of my Lac  
Smoke, sippin' my yak, yeah, yeah  
Oh, I don't wanna talk to nobody

Sittin' in the back of my Lac  
Smoke, sippin' my yak, yeah, yeah  
And I smoke, sip my yak, yeah, yeah  
Sittin' in the back of my Lac  
Smoke, sippin' my yak, yeah, yeah  
Yeah, yeah, yeah, yeah

Yeah, yo, some nights I get XO tipsy  
Other nights I get Louie the 13th pissy  
By myself right on my lonesome  
'Cause I get sick and tired of callin' when they want  
somethin'

So I get off in my pearl white Lac  
And my sunroof top and my diamond in the back  
I sip my 'gnac and smoke  
N\*\*\* if you thug, sing this song with me  
Diamond in the back, sunroof top  
Just diggin' the scene with the gangsta lean, ooh ooh

Yeah, now n\*\*\* if you thug, sing this song with me  
Diamond in the back, sunroof top  
Just diggin' the scene with the gangsta lean, ooh ooh  
Diamond in the back, sunroof top  
Just diggin' the scene with the gangsta lean, ooh ooh
