Everyday you're gone
It's killin' me to be without you
Can't make it alone

Everyday you're gone
It's killin' me to be without you
Can't make it alone
Girl, 'cause I'm missin' you

It's like I got a hangover
I can't get outta my head
Just like I wrecked my new Rover
Girl, I can't get you out of my head

And I ain't never been low but
It's like I'm broke and I'm outta the game
So I swallow my pride if that's the only way
To make it better, babe

Now I know I been wrong
And we been fightin' so long
Come and see about me
It's gettin' hard to breathe
Baby, I'm sorry

I miss you everyday you're gone
It's killin' me to be without
Without you, I can't make it alone
Baby, can we work it out?

I miss you, it's fatal you know
Girl, I'm gonna die without
Without you, tell me what to do
Girl, 'cause I'm missin' you

Maybe if I was older
Then I wouldn't be makin' these mistakes
And I know your girlfriends told you
Not listen to a word I gotta say

But all I wanna do is hold ya
You're like a habit that I just can't shake

And a life with you is what I'm tryna make
Baby, can't you see

Girl, I know I been wrong
And we been fightin' so long
Come and see about me
It's gettin' hard to breathe
Baby, I'm sorry

I miss you everyday you're gone
It's killin' me to be without
Without you, I can't make it alone
Baby, can we work it out?

I miss you, it's fatal you know
Girl, I'm gonna die without
Without you, tell me what to do
Girl, 'cause I'm missin' you

Tell me what I gotta do
Just to bring you back, bring you back my way
Baby girl, let me know
Don't just keep me hangin', hangin' on

Tell me what I gotta do
Just to bring you back, bring you back, baby
Baby girl, let me know
Don't just keep me hangin', hangin' on

I miss you everyday you're gone
It's killin' me to be without
Without you, I can't make it alone
Baby, can we work it out?

I miss you, it's fatal you know
Girl, I'm gonna die without
Without you, tell me what to do
Girl, 'cause I'm missin' you

I miss you everyday you're gone
It's killin' me to be without
Without you, I can't make it alone
Baby, can we work it out?

I miss you, it's fatal you know
Girl, I'm gonna die without
Without you, tell me what to do
Girl, 'cause I'm missin' you

I miss you everyday you're gone
It's killin' me to be without

Without you, I can't make it alone
Baby, can we work it out?

I miss you, it's fatal you know
Girl, I'm gonna die without
Without you, tell me what to do
Girl, 'cause I'm missin' you
