Holiday.
Yeahhhhh
She know what it
She know what it
She know what it is
She know what it is
Where are all the girls like these?

I need a girl who will ride
Til the end of time
No matter what you did wrong
She'll be by your side
Faithfully, give a man what he needs
Where are all the girls like these?

I'm ready to save you if you wanna be loved
It's so so easy but we make it hard
I need someone who will love me for me
Where are all the girls like these?

I don't wanna (wanna) girl who ain't know
Keep it one hundred (hunny)
And put her trust in me
Cause i deserve a, very best a girl could offer me
(offer me, wooh!)
She know what it do
She know what it is
Someone who gonna stay down for as long as you live
She respects me, she caters to my needs
Where are all the girls like these?

I need a girl who will ride
Til the end of time
No matter what you did wrong
She'll be by your side
Faithfully, give a man what he needs
Where are all the girls like these?

I'm ready to save you if you wanna be loved
It's so so easy but we make it hard
I need someone who will love me for me
Where are all the girls like these?

Yeahh.

Gotta be sexy on top of that she
She has to let me (let me) be the man I am
It's not that easy
To be the one who has my heart (has my heart)

She got a lot of style
She know how I get down
She knows how to play her position when she's around
She respects me, she caters to my needs
Where are all the girls like these?

I need a girl who will ride
Til the end of time
No matter what you did wrong
She'll be by your side
Faithfully, give a man what he needs
Where are all the girls like these?

I'm ready to save you if you wanna be loved
It's so so easy but we make it hard
I need someone who will love me for me
Where are all the girls like these?

Yeah.

And if you feel like it's you
Then raise your hand
If you're a good woman, lookin for a good man
If what you feel is true
And you understand
Baby I can be your man
(Baby i can be your man!)

I need a girl who will ride
Til the end of time
No matter what you did wrong
She'll be by your side
Faithfully, give a man what he needs
Where are all the girls like these?

I'm ready to save you if you wanna be loved
It's so so easy but we make it hard
I need someone who will love me for me
Where are all the girls like these?
