[feat. Eric Clapton]

Well my heads in Georgia but my feet are California
bound

Well my heads in Georgia but my feet is California
bound

Cause that good looking woman I got wants to leave
these Georgia towns

Well we ride them old freight trains rent them
automobiles

For we ride them old freight trains and rent them
automobiles

Cause that good looking woman is tired of these old
Georgia hills

And that lonesome old highway seems to be our way
no doubt

And that lonesome old highway seems to be the way no
doubt

Cause that good looking woman and me, we just
hanging out

Trains and airplanes is all we do, I'm running half the
time just

like she wants me to

Makes me no difference to me when all is said and
done,

headed west toward the setting sun

Well my heads in Georgia but my feet is California
bound

Cause that good looking woman I got wants to leave
these Georgia towns

Well my heads in Georgia but my feet is California
bound

Well my heads in Georgia but my feet is California
bound

Cause that good looking I got wants to leave these
Georgia towns

Cause that good looking woman I got wants to leave
these Georgia towns
Good looking woman I got wants to leave these
Georgia towns
